

FLU Lighting – Case Study

American Sports Center

Anaheim, CA

Description of Work:

Energy Retrofit Co. helped American Sports Center save by upgrading 240 fixtures from 1000W Metal Halide to 6 Lamp T5 Fluorescent. Wire guards were included on all fixtures to protect the fluorescent lamps from breaking due to balls hitting the fixtures.

American Sports Center received a \$40,000 rebate from the Anaheim Utility Company, which was deducted from the project cost, leaving this customer with a 6 Month payback period.
