

LED Lighting – Case Study

Bassett Furniture

Temecula, CA

Description of Work:

Energy Retrofit Co. helped Bassett Furniture upgrade **75 Watt Halogen lamps with the new 20W PAR38 LED Lamps** saving 75% in energy cost. The new LED's will last an **estimated 10 years** based on the current 80 hour per week operation. The HVAC load was also reduced by approximately 40% due to the reduction in heat produced by the new LED lamps resulting in significant additional savings.
