

LED Lighting – Case Study

Commonwealth Audi

Santa Ana, CA

Description of Work:

Energy Retrofit Co. helped Commonwealth Audi save by upgrading 1000Watt Metal Halide to the new **GE Evolve LED Fixtures** in the Santa Ana auto mall. The retrofit was completed in 3 days, and the lighting quality was dramatically improved.

Commonwealth Audi reduced their energy usage by 75% resulting in over \$20,526 per year in savings, and a **2.8 year payback**.
