

# LED Lighting – Case Study

## Crevier Mini

## Santa Ana, CA

## Description of Work:

Energy Retrofit Co. helped Crevier Mini, owned by Penske Corp. save by upgrading 1000Watt Metal Halide to the new **GE Evolve LED Fixtures**. The retrofit was completed in 4 days, and the lighting quality was dramatically improved.

Crevier Mini reduced their energy usage by 75% resulting in over **\$39,528 per year** in savings, and a 2.6 year payback.
