

LED Lighting – Case Study

Mercedes Benz

San Diego, CA

Description of Work:

Energy Retrofit Co. helped Mercedes Benz save by upgrading 1000Watt Metal Halide to the new **GE Evolve LED Fixtures**. **Due to the advanced optics of the new LED fixtures 61 out of the 144 existing fixtures were decommissioned (removed and not replaced) and the light was still improved.**

Mercedes Benz reduced their energy usage by 75% resulting in over \$63,156.48 per year in savings, and a **2.5 year payback**.
