

LED Lighting – Case Study

Thunder Valley Casino

Lincoln, CA

Description of Work:

Energy Retrofit Co. helped Thunder Valley Casino save by upgrading Halogen, CFL, and Incandescent lamps to LED. The new LED (MR-16, BR30, PAR20, PAR30, A-19) were installed in the casino floor, restaurants, and hotel common areas.

Thunder Valley Casino reduced their lighting energy usage by 80% resulting in **\$113,869 per year in savings**, and a **4 Month payback**.
