

LED Lighting – Case Study Gas Station Lighting

RKGI – LED Retrofit

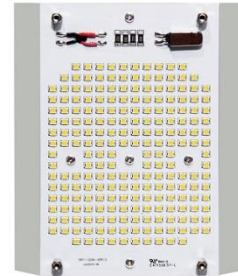

Description of Work:

Energy Retrofit Co. helped **Shell Station** upgrade 400W HID Shoebox Fixtures with new **150W RKGI LED Retrofit Fixtures** saving an estimated **\$10,490** annually in energy costs.

The lighting quality was dramatically improved and the new LED lights provide a zero-maintenance solution.

Notable exterior lighting projects include:

- AMPM – Multiple locations
- Chevron – Multiple locations
- Shell Station – Multiple locations
- 76 Station – Multiple locations
- Valero Station – Multiple locations
- Express Gas – Multiple locations
- Seminary Gas & Food
- Flyer's Gas
- Super Gas
- 3 B's Truck & Auto Plaza
