

LED Lighting – Case Study

LED Radial Strip

Description of Work:

Energy Retrofit Co. helped **Fitness Evolution** upgrade their old 32W 8' 4X T8 light fixtures with **new 42W 8' LED Radial Strip fixtures.**

The lighting quality was improved and the new LED lamps provide a zero-maintenance solution for the staff and in addition **Fitness Evolution** will save an estimated **\$10,382** annually.
